### Product Description:

HoMedics® UV-CLEAN Portable Sanitizer Bag kills up to 99.9% of bacteria and viruses with no chemicals or mercury

Sanitizes in just 1 minute — 10x faster than other sanitizers on the market

Utilizes 4 UV-C LED lights to help maximize LED coverage

Employs the same sanitization power as our Phone Sanitizer but is designed to fit larger items, like keys, jewelry, eyeglasses, remote controls, and more

Interchangeable phone and platform clips keep items in place to ensure optimal UV-C LED light exposure

Sanitizes an amazing 18 uses per charge

Please note UV-C light is invisible to the human eye
